DRIVE TIME MAPS

Interstate Access

Atlanta's strategic geographic location allows trucks to reach 80% of the nation's largest markets within a 48-hour timeframe. The city serves as a crucial nexus for three major interstate highways (I-85, I-75, and I-20), providing direct access to I-285 and key regional interstates (I-985, I-675, and I-575). This extensive interstate network positions Atlanta as one of the few US cities with access to over five interstate systems.

Railway Access

With direct access to the Norfolk Southern Railway running behind this property, it's well-positioned to capitalize on Atlanta's strategic location and proximity to major ports like Savannah and Charleston. The city's extensive rail network, including Class A access to multiple CSX and Norfolk Southern lines and intermodal facilities, enhances its logistical capabilities.

Air Access

Hartsfield-Jackson Atlanta International Airport is the world's busiest airport in terms of passenger volume. It also ranked 13th and 28th globally in cargo volume in 2019 and 2020. The airport's central location provides air access to 80% of the US population within a two-hour flight. To accommodate future growth, the airport is undergoing a major expansion project that includes the construction of five runways and the new Maynard H. Jackson, Jr International Terminal.

Port Access

This property's strategic location, just 2.5 hours from the Port of Savannah, provides easy access to one of the nation's most efficient deep-water ports. As the fourth-busiest port in the US and a key gateway to Asia, the Port of Savannah's ongoing investments in infrastructure, such as the dredging project, solidify its position as a leading global port.

TAX INCENTIVES

GEORGIA STATE JOB TAX CREDIT

**Please consult with a tax professional for specific eligibility and benefit details.*

Located in Henry County, a Tier 3 Job Tax Credit area, this property offers significant tax incentives to new tenants. Eligible businesses can receive up to \$1,750 per year per new employee in state tax credits.*

LARGE LABOR POOL

Located within a 30-minute drive of three of the top five cities for warehousing employees in the greater Atlanta area (Stockbridge, McDonough, and Jonesboro), this property benefits from a strong labor pool. The region's population of over 1 million, with a significant portion aged 18-64, provides a ready workforce.
